Ikonos is one of the leading European manufacturers of LFP media for indoor and outdoor applications. We offer a wide range of products for interior decoration (dedicated for glass, walls, floors etc.) as well as materials for solvent, UV, screen and latex ink-jet printing technologies.

Our coating and laminating line is capable of producing various products and thus we are open to suggestions

of our customers. Our location (middle of Europe) guarantees short delivery time. The production capacity makes it possible to sell the media on the wholesale basis all over the Europe.

In our offer there are materials such as various types of glass decoration films, wallpapers, canvases, One Way Vision films, Backlights, Blockouts, Photo Papers, self-adhesive monomeric and polymeric PVC films

(matt and gloss, with grey, transparent or removable adhesive), laminating films, sandblasting PVC masks, etc.

Our most important advantages are continuity of production and constant & solid quality, which we have achieved thanks to our know-how, qualified workers, long years of experiences and dedication also being open to the market needs.

Global range | Highest quality standards
High capacity & flexibility
Customer friendly
